Quiz Instructions:

Directions: Groups will meet prior to BOC Wednesday 02/12/2020 for one hour either virtually or physically. The group leader (GL) will critically review the other members' Assignment 1 physical and oral presentation based on the rubric. Afterwards, the GL will present her project and other members will critique it. This process is being used because Dr. Carter gave extended critiques of the GL's projects during their presentations on February 5th. GL's will use what they learned during this process to open the critiques with their fellow students allowing opportunities for everyone to have fuller critiques following their presentations.
