

Graduation Survey Data Summary

Program(s): DHM / Interior Design option

Time period: Fall 2016 – Fall 2019

Prepared by: Dr. Brecca Farr

NOTES regarding Data Collection

Each fall and spring semester, graduating seniors are surveyed and asked about their post-graduation plans. This survey is conducted during the two weeks immediately preceding commencement weekend as well as at the college commencement reception. Students surveyed are assured that confidentiality will be maintained; therefore, aggregated data are presented within this summary. On average, we attain a 60% response rate; however, individual programs may be higher or lower on a given semester.

Below is an aggregated summary of data collected from students completing degrees with an option in Interior Design within the Department of Design, Housing & Merchandising from Fall 2016 through Fall 2019.

100% of respondents indicated that their primary focus post-graduation was EMPLOYMENT

- 71% indicated that they had accepted a job offer by the time of graduation
- 21% indicated that they were still searching or not yet accepted a job offer
- 8% indicated that they had not yet started their job search

When annual salary was reported, the range was \$35,000 - \$52,000; the average was \$41,687 and the median was \$40,000.

Employers from whom students accepted job offers include:
